Windshield Treatment

VisionBlade[®]

SIMONIZ

better vision...safer driving

Reduces glare in the rain and repels water for remarkable improved vision.

Provides hydrophobic protection against rain and environmental elements.

Windshield protection that improves vision clarity.

What is VisionBlade?

Use VisionBlade on any glass to repel water. Unlike other commercial rain repellents that can wash away in a matter of days, VisionBlade forms a chemical bond with glass that increases water repellency, causing it to bead and shed. VisionBlade glass treatment lasts up to six times longer than silicone-based products.

Designed for professional application on aircrafts, auto windshields, side windows, rear windows, glass shower doors or any other glass surface, VisionBlade is a long-lasting glass treatment.

- Repels rain for remarkable improved vision
- Makes it easier to clear ice, snow and even dirt
- Reduces glare in the rain, especially at night
- Helps reduce water marks and keeps down salt water

Why VisionBlade?

A University of Michigan study indicated that auto glass treatments can improve a driver's visual acuity by nearly 35%. Additionally, a driver's response time to identify a small target was improved from four second to three second. At 45 mph, that represents 58 feet.

VisionBlade[®] Kit Includes:

- 24 labeled applicators
- 1 printed carton
- 1 die cut insert for product nesting
- 24 windshield stickers
- 24 brochures
- 24 mirror hangers
- 1 tri-lingual instruction card
- 1 SDS sheet

Deodorizing & Sanitizing Treatments

SIMONIZ ODOR-OUT™ DELIVERY SYSTEM

What's In Your Vehicle?

Odors, odors and more than just odors.

In addition to odors related to pets, tobacco, food, vomit, mold and mildew, there are more than 500 different fungi, viruses, bacteria and their spores that thrive in vehicles. Door handles, seats and floors are breeding grounds for germs that do more than just devalue a vehicle; they are hot spots for dangerous viruses and serious illness as well. Whether it's new or pre-owned, drivers want a vehicle that is deodorized, decontaminated and sanitized. Masking odors with odor bombs, aerosols, sprays and ionizers still leaves behind bacteria and smells that can affect a drivers health.

As people spend more time commuting, transporting and traveling, a clean, odorless and bacteria-free environment is essential.

No one wants a vehicle that smells and makes them sick!

What's The Solution?

Simoniz ODOR-OUT Delivery System

Simoniz ODOR-OUT is a fast, safe and most effective solution for eradicating odors and odor causing bacteria in vehicles. It contains no dangerous VOC's, phthalates or ozone.

Upon contact with water, Simoniz ODOR-OUT tablet is self-activated to release chlorine dioxide (ClO_2) vapor, a safe biocide, in an easy-to-use delivery system. Because it exists as a vapor, it can penetrate any porous material or surface throughout the vehicle, allowing direct contact with odor causing compounds.

How to Use?

Simply drop one 20 gram Simoniz ODOR-OUT tablet (Sani-Tab 20G) in 4 ounces of water. Turn A/C on and allow Sani-Tab to fully dissolve and dissipate. Process takes approximately 1 hour.

One Simoniz ODOR-OUT tablet treats a 400 square foot area.

Destroys odor and odor causing bacteria

What are the Benefits?

of SIMONIZ ODOR-OUT™ Delivery System?

- ✓ **SIMPLE** to use vapor release system
- ✓ **REMOVES** musty, pet, tobacco smells and organic odors, mold and mildew
- ✓ **ERADICATES** - doesn't mask
- ✓ **LEAVES** a clean, safe and pleasant smelling vehicle
- ✓ **WATER ACTIVATED** - no spraying, no plugging in, no batteries
- ✓ **LEAVES** no residue
- ✓ **SAFE** to use on common automotive fabrics and materials
- ✓ **ECO-FRIENDLY**, non-toxic and biodegradable

TREATS ODORS IN CARS, SUV'S AND TRUCKS

Let your customers know that their vehicle has gone through a thorough deodorizing and sanitizing process and any odors, germs and bacteria that may have been left behind or not properly treated have been completely eradicated. A must for the pre-owned market.
