The Simo-Tab Advantage

Simo-Tab deodorizing, disinfecting and sanitizing tablets are the convenient and easy way to kill MRSA and Staph in 2 minutes, norovirus and Influenza H1N1 in 1 minute and C.diff in 4 minutes. It takes just 2 tablets per quart to make a powerful disinfectant solution. A single bottle of 120 tablets will yield 60 quarts. *One complete system for infection prevention.*

How It Works:

Simo-Tab tablets produce a solution that maintains disinfecting power for 7 days in a sealed container and 24 hours in an open container vs. bleach solutions that become inactive after a day. In solution, Simo-Tab have a pH of around 6.0. This mild pH means that Simo-Tab tablets will be much less aggressive on surfaces, including floor finishes, than traditional bleach products which regularly have a pH of 11+.

The Simoniz Electrostatic Sprayer covers a surface area very quickly and effectively more than traditional manual cleaning that is time-consuming. It coats 360° of all surfaces with 3 times more coverage than conventional sprayers. It's a simplified, faster and more thorough way to sanitize and disinfect to prevent illness.

Treatable Pathogens:

- Staphylococcus aureus-MRSA & GRSA
- Norovirus
- Influenza H1N1
- C.diff
- Staphylococcus aureus
- Salmonella enterica
- Klebsiella pneumonia
- Staphylococcus epidermidis
- Escherichia coli 0157:H7
- Canine Parvovirus
- Canine Distemper Virus
- Feline Calicivirus

Targeted Applications:

- K-12 Institutions
- Colleges
- Universities
- Classrooms
- Clinics
- Restrooms
- Athletic Facilities
- Day Care Centers
- Food Services
- School Buses

Simo-Tab disinfectant tablets are more effective at lower doses than quaternary ammonium compounds, bleach, hydrogen peroxide, and peracetic acids. Germs cannot build up a resistance to Simo-Tab disinfectant tablets and the solution is not deactivated by organic matter or cloth as other disinfectants can be. Boasting a 3 year shelf life, Simo-Tab disinfecting and sanitizing tablets ship DOT non-hazardous, are small and convenient and will help you reduce transport space, storage space, and wasteful packaging.
