

A heavy-duty powder for automatic pressure washing and concrete floor cleaning. Cleans aluminum, stainless steel, ceramics, iron, etc., in industrial plants, warehouses, trucking companies. USDA authorized.

Where To Use

- Dumpster Areas
- Maintenance Garages
- Car Washes
- Concrete floor degreasing and cleaning
- Construction Equipment

Dilution and Directions

The maximum solubility is up to 3/4 pound per gallon. Do not exceed this amount. Warm water will speed solution. Non-metering equipment - uses cleaning solution from supply tank without further dilution. Use 1 to 2 pounds per 50 gallon of water. Metering equipment - mixes concentrated cleaning solution with water automatically. Dissolve 1 to 2 pounds for each 5 gallons of solution. This should be diluted at least 1 to 10 for use. The concentration of the stock solution will depend on the solution of machine. Warm (110° F) water is always best for cleaning. Concrete floors - sprinkle powder directly on floor agitate with stiff brush or broom and pressure rinse.

Technical Specifications

COLOR: Yellow	VISCOSITY: N/A
FORM: Powder	STORAGE(Unopened):..... 1 Year @R.T.
SCENT:Odorless	BIODEGRADABLE: Yes
pH:N/A	WEIGHT/GAL: N/A
FLASH POINT:None	SHIPPING CLASS: None
FOAM:Low	PACKAGING: 50 lb, 100 lb, 420 lb
TYPE: High Alkaline General Purpose Powder
