

A ready-to-use disinfectant, cleaner for basins, bowls, tubs, tiles, etc. Effective against Salmonella choleraesuis, Pseudomonas aeruginosa, Staphylococcus aureus and Trichophyton mentagrophytes (Athlete's foot fungus) and odor causing germs.

Where To Use

Airports	Nursing Homes	Health Care Facilities
Schools	Office Buildings	Restrooms

Dilution

As is

Directions

Apply WHIZ as is to pre-cleaned surfaces. For disinfecting walls, floors, bathroom fixtures, garbage cans, and other hard (inanimate), nonporous surfaces, apply by mop, sponge or mechanical spray device so as to thoroughly wet surfaces for a contact time of 10 minutes. Let air dry or wipe dry.

To clean and disinfect bowls - Remove or expel over the inner trap residual bowl water prior to applying solution. Use 4 oz. of concentrate in toilet bowl. Squeeze around bowl and under rim. This product, when used as directed, will not harm white or colored bowls or inanimate, hard surfaces. Close cap on container after use. WHIZ will effectively inhibit the growth of mold and mildew plus the odor caused by them when applied to hard, nonporous surfaces such as walls, floors and table tops. Apply solution by spraying WHIZ, making sure to wet all surfaces completely. Minimum contact time 10 minutes. Let air dry. Repeat application weekly or when growth reappears.

See label for further instructions.

Technical Specifications

COLOR: Transparent Blue	EPA Reg No:47371-97-18305
FORM: Liquid	STORAGE(Unopened): 1 Year @R.T.
SCENT: Fresh Floral	BIODEGRADABLE: ..Yes
pH: 9.7	WEIGHT/GAL:8.3 lbs.
FLASH POINT:.. None	SHIPPING CLASS:None
VISCOSITY:..... Thin	PACKAGING: 12x32
